

Hanover School Division believes that the following mission statement, educational philosophies, and priorities form the foundation for decisions and guides the work of the Board.

1.

“Hanover is a student centered school division striving for excellence while developing skills and promoting values for a productive and wholesome life.”

Learning truly matters;

Teachers teach students and not subjects;

No significant learning occurs without a significant relationship;

Every day and in every class, students deserve a challenging, engaging and imaginative “work” to do;

Students involved in self-assessment are more engaged in their learning;

Students learn best when teachers take care to use their skills of engaging instruction and meaningful assessment to develop an intentional learning relationship between student and curriculum.

3.

Priority A
